**A flame is a symbol of the inner spirit.  
It is also a symbol of transformation.**

Albert Schweitzer said it best. "In everyone's  
life, at some time, our inner fire goes out. It is  
then burst into flame by an encounter with  
another human being."

A Long Term Care  
Ombudsman can be that human being.  
We can help that inner spirit, the flame to kindle.

As Local Long-Term Care Ombudsmen,  
we help light the way for those caught up  
in the maze of long-term care.  
Sometimes the flame is not out in a resident;  
it's only flickering. An Ombudsman can start  
that flame until it grows and ignites another  
and another. The flickering flame becomes a  
raging fire; empowerment has occurred.
